Adventures of Andrej and Volk

Bettina Gunner

Prologue and the past

My old fictional characters are Andrej and Volk which means wolf in Russian. A long time ago, me and my friend was interested in European languages, so I decided to „use” Russian characters in my stories. We really like they celebration of spring called Maslenica. Than I created Andrej Belanov’s and Volk’s characters. Andrej’s outlook: Imagine a young, 183 centimeters tall, fair haired, sky blue eyed, first look rude, but nice and wise guy. Volk is totally his opposite. As andre is serious, Volk is childish; loves the women and the vodka.

He has only a true love for Dimitrij’s daughter. So, I thought, I write down their adventures in peaces. I want to write down those funny moments I imagined. Andrej is one of my fictional character as a writer. Andrej Belanov was born in St. Petersburg, in the 24th of Decembre, in 1985. His family was ritch but no this mother, neither his father had siblings and Andrej was an only child too. At the age of two, Andrej’s father and mother died in a car crash. Than andre’s life became very sad. He had really hard times in the orphanage. After, he turned to be 18, he left the orphanage. He doesn’t have any relatives so he started to work hardly.

He had his final exam, because his „mentors“ in the orphanage, helped him because the boy was wise and clever. It happened 5th times that he runed away from his „homplace“. At the age of 16, he met a children, called Volk a street rat. Although his youngness, he had many life experiences. He never told his real name to anyone. Only said, that he had a father who died because of alcohol-addict and that he had a mother who jumped into a river. So they have simmilar past, the two became best friends for a lifetime. And everytime Andrej run away from his „HOME“, the wolf showed him his therritory. They had so much fun together.

After Andrej left the orphange, and he had enough money, he started to learn in the Uni. For his 26th birthday, he became a lawyer. Than Volk started to work with a man, called Dimitrij, as his assistant, in his erchitechtural business. Dimitrij really loved the 25 years old boy, and he was always at the young man's side. Anyway, Volk and Dimitrij looked simmilar. Bothe of them was red hair, Ocean blue eyes and both of them was tall. Time has passed, both of the young guys become adults...

Nowdays - I. The birthday

Andrej and Volk.

With Dimitrij's help, Volk made a party for his best

friend's 27th birthday. There was many friends of Volk there, who Andrej didn't know any of them. Volk loved to play with women, but Andrej NOT. Both of the guys were handsome, but inside... tottaly opposite of each other. Andrej didn't like the „one night funs“, If you know what I mean. He was searching for his real match, although he knew that the perfect match is just a dream, what people wants to find in their despair. But Andrej did not interested in the outlook only, the girl, he would chose, has to be wise inner charachteristic, for example.: loyal and selfeless.
